

SUBHCON QUALTECH INNOVATE LLP

(May-June,2025)

SQTI Declares following 3 training courses during the month of May & June 2025
(30 May, 17-20 June, 24-26 June, 2025)

Registration invited from Interested participants .

Registration may be done in one go for all courses you wish to join.

Course Fee to be paid are mentioned after Inaugral Discount by SQTI.

Course Schedule for May 2025

1. Customised Capacity Building Workshop on Advancement in Thermal Desorption and New BIS Standard Methods IS 5182-Part 1 & Part 2 - Active & Passive Sampling & Analysis VOCs/SVOC in Ambient, Indoor & Workplace Air

by Shubhcon
in Laboratory Management, Quality Assurance & Capacity Building

1 Day Program - Online Interactive Platform

Date : 30 May 2025 (2.00-5.00PM)

Resource Person/Expert from Shubhcon QualTech Innovate-LLP
Dr. S.K.Tyagi, Former Addl. Director, CPCB
(Air Toxic Expert with more than 44 Years Experience)

Curriculum

Capacity Building Workshop on New BIS Standard Methods IS 5182-Part 1 & Part 2 on Active & Passive Sampling & Analysis VOCs/SVOC (Air Toxics & Ozone Precursors) in Ambient, Indoor & Workplace Air using cutting-edge Solvent Free Thermal Desorption Technology with a deep dive overview of VOCs/SVOCs analysis with GC-MS.

Learn Active & Passive Sampling, TD fundamentals, instrumentation, tube selection, and accessories through client-specific modules. Ideal for labs aiming to stay compliant, efficient, ahead in Ambient Indoor & Workplace Air and Fugitive emissions analysis!

Dates of Training/Course -31 May 2025 (in lieu of 2nd week of April 2025 mentioned on website)

Target audiences-

All levels:

Lab Analysts
Lab Scientist
Lab Managers
Researchers

Joining Fee : ~~₹1,000.00~~ ₹800.00 NO GST to be Paid, [Link to Pay Course Fee-Note in Last](#)

Add Addl. Charge for Issue of Certificate: ₹200.00 (Optional)

Course Schedule for June 2025

2. Laboratory Quality Management System & Requirements of ISO / IEC 17025:2017 and Internal Auditors Training

by Shubhcon

in Laboratory Management, Quality Assurance & Accreditation / Recognition

4 Days Program - Online Interactive Platform

Date : **17-20 June 2025** (10.00AM-05.00PM, Daywise schedule to be shared later)

Resource Person/Expert from Shubhcon QualTech Innovate-LLP

Dr. S.K.Tyagi, Former Addl. Director, CPCB

(QCI- NABL & IQAS Technical & Lead Assessor with Experience of Assessing more than 450 Laboratories in India of different types & Conducted several Training Programs for Govt Organisations & Pvt. Institutions/ Laboratories)

Curriculum

Get equipped to implement a robust Laboratory Quality Management System & Requirements of ISO/IEC 17025:2017 and perform effective internal audits with special emphasis on important Clauses & Attributes of Internal Auditor. Process of Accreditation & Preparedness will also be discussed.

This course includes practical exercises aligned with standard clauses to build real auditing confidence. Ideal for labs seeking accreditation readiness and continuous quality improvement!

Target audiences-

All levels:

Lab Analysts
Lab Scientist
Lab Managers

Researchers

Course Fee: ~~₹8,500.00~~ **₹6,800.00** NO GST to be Paid, [Link to Pay Course Fee-Note in Last Certificate will be issued to all participants attending full course](#)

Course Schedule for June 2025

3. Uncertainty Estimation in Chemical Testing with Basic Stat & Hands on Excel Sheet Calculations and Decision Rule & Risk Assessment & Management

by Shubhcon

in Laboratory Management, Quality Assurance & Accreditation / Recognition

3 Days Program - Online Interactive Platform

Date : **24-26 June 2025** (02.00PM-05.00PM, Daywise Schedule to be shared later)

Resource Person/Expert from Shubhcon QualTech Innovate-LLP

Dr. S.K.Tyagi, Former Addl. Director, CPCB

(QCI- NABL & IQAS Technical & Lead Assessor with Experience of Assessing more than 450 Laboratories in India of different types & Conducted several Training Programs for Govt Organisations & Pvt. Institutions/ Laboratories)

Curriculum:

Enhance your lab's precision, accuracy, reliability and decision-making with expert training in uncertainty estimation for chemical testing.

Learn core basics of uncertainty, statistical concepts, Excel-based calculations with hands on practice, and apply risk assessment techniques aligned with global standards. This course empowers you to drive compliance, and confident reporting in every analysis!

Target audiences-

All levels:

Lab Analysts

Lab Scientist

Lab Managers

Researchers

Course Fee: ~~₹4,000.00~~ **₹3,200.00** NO GST to be Paid, [Link to Pay Course Fee-Note in Last Certificate will be issued to all participants attending full course](#)

[Special Note & Link to Pay Course Fee](#)

Note1: Mode / Process of Payment Through Shubhcon Website Payment Gateway Link below

<https://shubhcon.com/courses/>

Select Course (i.e. no3, 4,6...one or more respectively) -> on each course Select Read More -> Select Add to Cart->Select no of Person +/- -> Proceed to Checkout -> Fill i. Contact information (Mail Id), ii. Name & Billing Address, iii. Payment options (Razorpay) ->Place Order-> (Payment Options (UPI/Cards/Net-banking/Wallet) -> wait to process & get Reciept Checkout Order received

Note-2: No GST to be paid as Shubhcon QualTech Innovate LLP is exempted till Transactions are below 20 Lakh.

Note-3: Name, duration & dates of course may vary little bit whatever mentioned on Web page. Consider this notification will be taken tentatively final

Note-4: Courses may be conducted in Physical/Hybrid offsite mode at Laboratory site in Ghaziabad (to perform feasible demo/exercise) , if minimum 20 Participants show their interest. An additional fee will be charged @1000/- per day per course towards refreshments, tea/snacks & lunch and miscellaneous charges along with above fee declared for each course.

For any query pl drop a mail at cpcbskt@yahoo.co.in or message at Whatsapp number 9868956529

(Keep checking web site for new contents, new courses every month)
